- 2021 Dean's Honour Roll | CGPA: 3.7

EXPERIENCE

Front-end Developer Intern

Sept. 2023 – Jan. 2024

EasyFits

Remote

- Developing 3D character customization features on Blender to be implemented on a virtual shopping platform
- Developing a Machine Learning Model for 3D cloth rendering

Crew Trainer

Oct. 2021 – Present

McDonald's

Peterborough, ON

- Communicate with managers to effectively manage the workflow
- Conduct comprehensive training programs for new crew members, ensuring they were proficient in all aspects of food preparation, customer service, and safety protocols
- Evaluated the performance of crew members, providing constructive feedback and guidance to enhance their skills and efficiency

PROJECTS

EasyFits: Project Elevate

Sept. 2023 – Apr. 2024

- Serving as the Team Leader for EasyFits' Project Elevate, leading a team in the development of a complete virtual try-on system for a local small business in Peterborough
- Steering the team towards technical deliverables, including ongoing work on a simple, intuitive e-storefront, 3D cloth renders, fit simulation, and integration with the online store
- Actively engaged in the 3D modeling process using Blender, currently demonstrated garment fitness by modeling clothes with different sizes onto an avatar

Portfolio | athulsubashm.github.io

September 2021

- Developed a dynamic and responsive website, showcasing proficiency in HTML and CSS to ensure an engaging user experience
- Demonstrated expertise in image editing using GIMP software, emphasizing creativity and attention to detail
- Designed and presented comprehensive mock-ups for a Proof of Vaccination app across Android, iOS, and Windows platforms, showcasing a keen understanding of UI/UX design principles

Blender Projects | athulsubashm.github.io/blender.html

January 2021

- Produced a captivating collection of 3D models using Blender
- Demonstrated creativity and technical proficiency in 3D modeling

CERTIFICATES

Work-Integrated Learning (WIL)

Université de Sherbrooke

- Introduction to Quantum Programming
- Introduction to Quantum Cryptography

January 2023

March 2023

TECHNICAL SKILLS

Languages: C#, C, JavaScript, PHP, HTML/CSS, SQL, Java, Verilog

Developer Tools: Visual Studio, Visual Studio Code, Github, Git, Blender, Unity, Figma, GIMP, Microsoft Office
